non lifted
Four wheel disc brake
Viewing from Left front wheel

Front suspension(1)

This item contains:
12, 13, 14, 15, 20

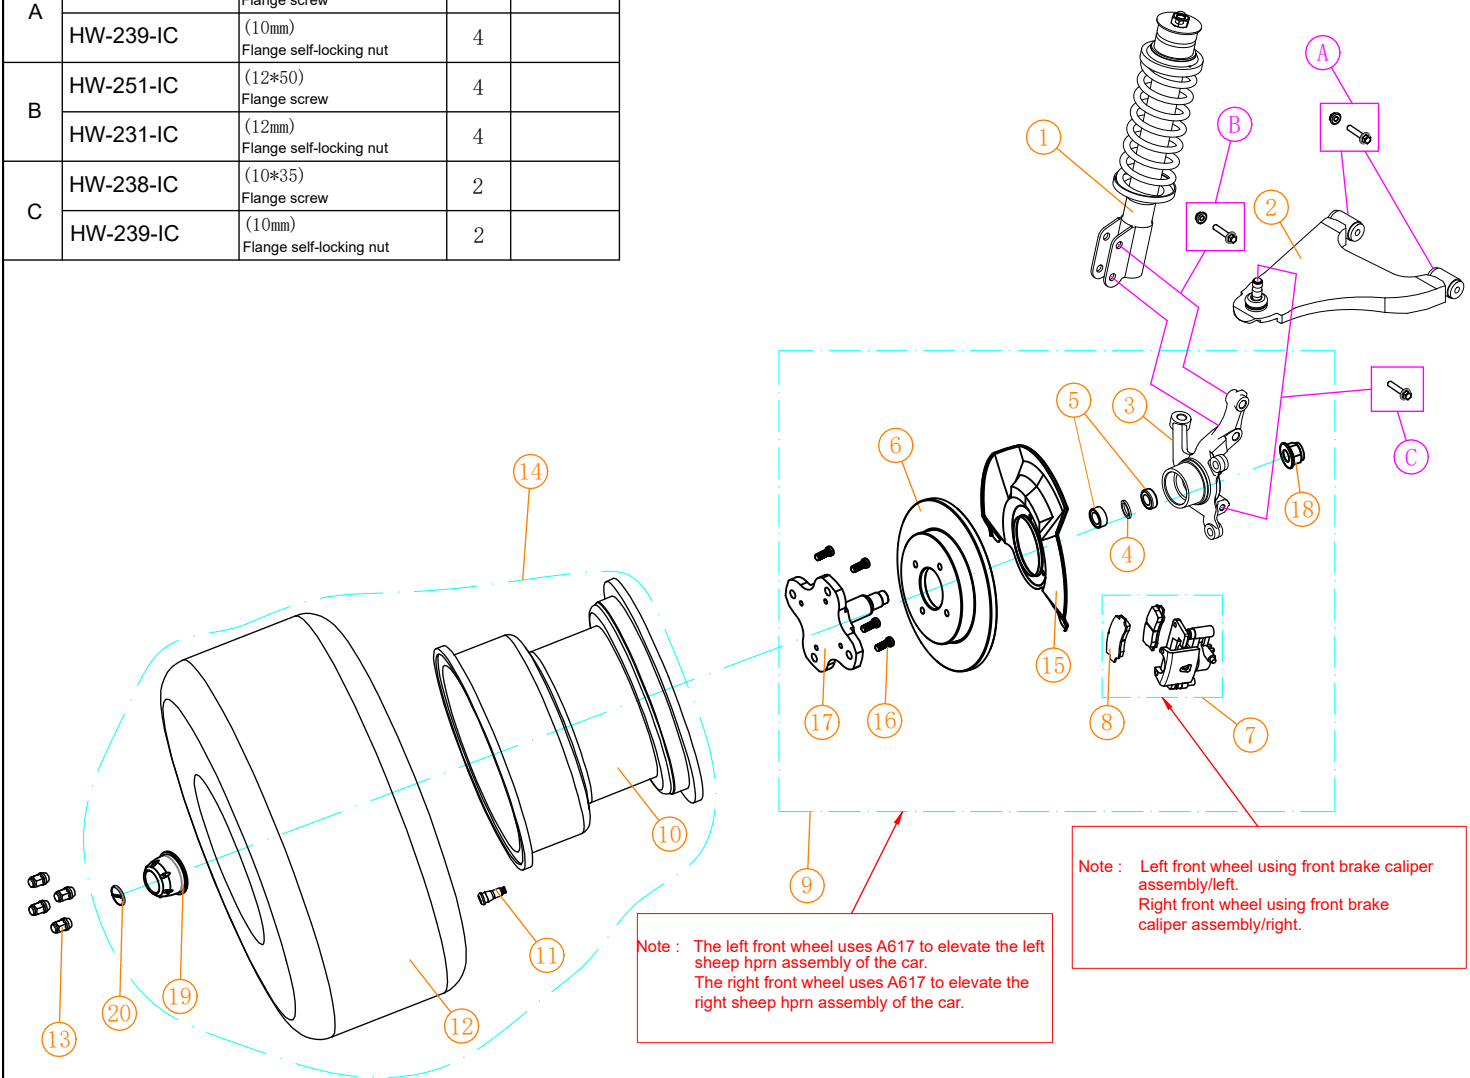

Note : The left front wheel uses the A-type disc brake claw assembly/L(Driver)
The right front wheel uses the A-type disc brake claw assembly/R(Passenger)

Normal style

Diagram illustrating the assembly of a normal style bucket onto a machine frame. The bucket (4) is attached to a bracket (2) using a pin (A) and a bolt (B). The bracket (2) is then mounted to the machine frame using a pin (A) and a bolt (B). A third bracket (3) is also shown, which is attached to the machine frame using a pin (A) and a bolt (B). The machine frame is shown in a side view, highlighting the mounting points for the bucket and the third bracket.
